What Next?

- More prayer
- More friendships
- More dialogue with the local mosque
- Development of our centre for a mission team
- Speaking out as Christ's ambassadors on local social issues
- Regular meetings to share Jesus with young people

Watch this space

Jehovah-Jireh. The Lord is our provider in Tinsley. In the first week of February, the Bishop and Deanery formally agreed to our use of the vicarage in an expression of mission to the community. In that same week local people provided all in the way of furniture and other stuff needed to make it a home. David has now moved in. In that same week, the Lord provided a large Volvo with space for people and equipment etc. to move around the community.

In that same week, women of the church were inspired to arrange interfaith meetings.

In that same week we had Form trainees over for a Saturday afternoon of worship and fun with kids in the park. This was a great time and many new relationships begun..

David, Alastair and Alison

David is a nurse and teacher and currently has a job in a nursing home for elderly mentally ill in Darnall. Alastair graduated in architecture but is now developing a business as a joiner. Alison works in the café in Tinsley Green Community Centre and is developing her career as a photographer. We continue our Tuesday prayer meetings, in which God speaks to us about new opportunities

The team spoke to and answered questions from a combined cells group at St. Lawrence and many want to be involved with work at the vicarage.

In that same week, we received a big thank you message from the women who received your gifts at Christmas. They continue to be blessed.

The Form trainees who come over on Thursday have now been invited to help out in visiting and follow up of those who have drifted away from church and those families who have had baptisms and funerals recently.

In the second week of February, David was invited to a meeting arranged by Burngreave Mosque. It was an interesting insight in to the evangelistic movement within

Islam. David made many new contacts at the meeting from men who live in Tinsley.

In the third week, Alastair was invited to represent St. Lawrence Church at a meeting at Tinley mosque to mark the anniversary of Mohammed. Over a thousand men came from all over the North of England. As a guest, Alastair was invited to speak. He gave simple testimony to Jesus's command to love God and love each others. Other guest included the Methodist minister and the leader of Sheffield Council.

Join with us in thanking God that we are finding favour with the men, women, youths and children of Tinsley. The vicarage will provide us with a base in which and from which to raise up His banner of love over our community.

Please Pray

that we live in unity of purpose and action;

that our Father protects, provides and guide our small team and others who will join it;

that hearts are prepared to hear the good news of Jesus;

for the life and witness of St. Lawrence Church;
for work in local schools to be extended;
for the vicarage to extend outreach work of our team and to

support and resource St. Lawrence church;

for the identified people of peace in Tinsley to continue to ask questions and respond to the Holy Spirit;

for the vision for our work with the young and the elderly to be revealed for this year of 2010;

for God to continue to reveal Himself directly to people in Tinsley through visions and dreams
